Subject: Request to Conduct "Iris" - A Software Security Event

Respected Sir,

I am writing to you today to request permission to conduct "Iris" - A Software Security Event as an intra-collegiate inter-departmental event. The event is scheduled to be held on March 4-6, 2023.

The event will have two streams, Secure Coding and a mini-CTF, which can run parallelly. The event aims to enhance the knowledge and skills of the students in the field of software security. The event will include workshops, coding hackathon, and a report-writing competition for the finalists.

We believe that this event will be a great opportunity for the students to learn and enhance their skills in software security. As an intra-collegiate inter-departmental event, we will invite students from departments of CSE, IT, ECE, EEE and AMCS to participate, which will foster a spirit of collaboration and healthy competition among the students.

We would be grateful if you could grant us permission to conduct this event at PSG College of Technology. We assure you that all necessary precautions will be taken to ensure the safety and security of the participants.

Thank you for considering our request. We look forward to your positive response.

Aaditya
Yours Respectfully,
Aaditya Rengarajan.
